Leadership & Management Equivalency - Reminder

CMES has received the following approval from the
USCG's National Maritime Center.

**Ship's Management – Safety
Management covers the new STCW
requirements for Leadership &
Management (management level) and
Leadership & Teamwork (operational
level).**

*Mariners presenting our course completion certificate for
Ship's Management – Safety Management (MEBAMD-
452) course will be considered to have demonstrated the
competencies, "Application of leadership and team
working skills of Table A-II/1," and the "Use of leadership
and managerial skills," of Table A-II/2 of the STCW Code,
as amended.*
